TEN CENTS A WEEK

"WHEN WILL CONGRESS ADJOURN?" IS QUESTION

Every Week It Becomes More Apparent That Senate Is Not in Good Humor.

WASHINGTON, May 17.—"When will Congress adjourn?" is the question put to the Vice-President, Speaker Cannon, Senators and Representatives whenever they appear at the White House. Speaker Cannon replied recently: "If you will tell me when the Senate will pass the tariff bill I will give you a pretty good guess as to when Congress will adjourn. The only thing that moves and carries the previous question in the Senate is from 96 to 100 in the shade."

Every week further evidences are given that the Senate is not in good humor, and every day there are outbursts of peevishness and irritation on the part of the members of that dignified body. The lead schedule, so far as pig lead is concerned, has been disposed of, and in the last few days the earthenware and chinaware paragraphs have provoked much debate. The opinion is quite general that the real tariff bill will be made in conference, and that such a bill will be turned out as the President can sign. At present the President and Congress are not in perfect accord in regard to the bill but there is every reason to believe that compromise will be the effective method by which the bill will be shaped into what it should be.

The army status of Captain Peter

C. Haines, who has been convicted of manslaughter in the New York courts, is the occasion of considerable speculation. At present Capt. Haines' name is on the roll of the army with the designation "absent, in custody of the civil authorities." An officer cannot be court-martialed without his being present during the trial, and it is regarded as unlikely that, in the event that Capt. Haines is finally convicted and sentenced to the penitentiary, the civil authorities would permit him to appear before an army court-martial. This would forestall his being dishonorably dismissed. Of course no action will be taken by the War Department while Capt. Haines' appeal is pending, but if he is finally convicted it is probable that his case will be presented to a retiring board which will find from the record, that he has become "morally and physically unfit for the service," following which decision he will be absolutely retired "by order of the President." Absolute retirement, unlike retirement for age, will deprive him of all rank and retired pay, it being practically analogous to the "dismissal without honor" of the men implicated in the Brownsville raid.

Falling of Bells in College Towns Strange Coincidence

INDIANAPOLIS, May 17.—Coincidence in the crashing down of two ponderous bells from belfries in Indianapolis and Valparaiso, Ind., both college cities, within a few hours of each other, have formed the subject of conversation among the superstitious.

Saturday night while ringing in celebration of the defeat of De Pauw University baseball team, a 500-pound bell, which had hung in the tower at Butler College for twenty-five years,

slipped from its rusty fastenings and crashed through the roof of the building into the chapel 100 feet below. A group of students working at the bell rope barely escaped death.

At Valparaiso, Ind., Sunday, when the janitor started to ring the bell for the morning service the bell in the Presbyterian church fell from the belfry to the ground floor. Mrs. F. J. Westgate, who was standing in the vestibule, was injured by a falling timber and her baby was also hurt.

Man Accidentally Drowned While Bathing in River

ELLAVILLE, May 17.—J. M. Glass was accidentally drowned here yesterday, while bathing in the river. He leaves a wife and several brothers. Mrs. Dr. E. Long of Macclenny, Mrs. Jim Bivin of Madison and Mrs. W. L. Horton of Ellaville, being among the latter.

Strange to say his father was drowned near Madison in identically the same manner just exactly one year ago, and his mother died two weeks ago from the shock of the drowning of the father.

The body was not recovered until 4 o'clock in the afternoon, although the drowning occurred at 11:30 a. m.

Throng of Women Leave Ab-dul Hamid's Harem

CONSTANTINOPLE, May 17.—Eighty women from Abdul Hamid's harem, richly dressed and veiled, were driven in carriages yesterday under the escort of four eunuchs and a troop of cavalry from the Yildiz, the ancient Seraglio palace which has been reconstructed since 1877.

Curious bystanders were driven away from the exit of the Yildiz palace by a guard of soldiers. Following the carriage was a train of wagons with baggage. The Yildiz is being made ready for the admission of the public. Most of the former Sultan's slaves have been freed.

VOTER MUST PAY HIS OWN POLL TAX

BILL TO THIS EFFECT WAS PASSED BY HOUSE.

Senator Taliaferro and Congressman Clark Wire Denial That They Are Using Passes.

TALLAHASSEE, May 17.—After much discussion the House Saturday passed the bill prohibiting paying of poll taxes by other than the voter for whom the tax is paid, and the bill requiring newspapers to mark all news, editorials and cartoons which are paid for as advertising matter. Five voted against the latter measure.

Governor Gilchrist for the first time used his veto power. He submitted messages to the two houses vetoing the bill extending the powers of the city of DeLand and making void a bonding election held in that city. Constitutional grounds were given by the Governor.

The Pass Question.

Considerable discussion has been made upon the report rendered by the committee appointed to secure the names of those officials to whom passes have been issued by the transportation companies.

A telegram was received from Senator J. P. Taliaferro denying that he has ridden on a pass since the passing of a Federal law. The telegram was spread on journal and referred to the committee investigating the report made by the committee consulting railroad commission books.

The following telegram was received Saturday afternoon by Speaker Farris from Hon. Frank Clark: Washington, D. C., May 15.—Hon. J. L. Farris, Speaker Florida House of Representatives, Tallahassee, Fla.: I denounce as unqualifiedly and basely false any intimation by legislative committee or other persons that I have violated any law in use of railroad transportation in Florida or elsewhere. I defy these to institute proceedings here, there or anywhere. If they are honest and have proof, let them proceed. If they have not the proof, they are not honest, and dare not proceed. I ask this telegram be read to house.

"FRANK CLARK."

THE SENATE.

Sixteen bills passed and one killed was the crop in the Senate on Saturday. The one that fell was the McCreary bill prohibiting log or lever carts from using the public roads except in certain cases.

Among those passed are the McMillen bill, creating a State Board of Dental Examiners, the Harris bill, permitting street railway companies to sell or lease both property and franchise to another company, the Adkins blind tiger law, and the Buckman bill concerning the transfer of stock of corporations for profit in certain cases.

South Bound Train Was Late.

Train No. 39, Atlantic Coast Line, from Jacksonville to St. Petersburg, due in Gainesville at 12:40 p. m., was two hours late Monday, with the result that a number of passengers bound for points on the East Coast were somewhat impatient, fearing that they would miss connection at Palatka. A number of these passengers were en route to Daytona, where they go to attend the annual meeting of the Florida State Horticultural Society.

The train left at 2:50 o'clock in the afternoon, however, and there is little doubt but that connection was made, as the Rochelle-Palatka train is not scheduled to arrive in Palatka until 3:30 o'clock.

Among the passengers for Daytona were J. P. Bunch and H. S. Graves, who go for the purpose of representing Alachua county at the meeting of the Horticultural Society.

MELROSE NOTES.

MELROSE, May 17.—Rev. B. R. Moseley and family have moved into the house of Rev. Julian.

Among those who have gone North for the summer are Rev. Julian and family and Mrs. A. Grimes.

Rev. C. B. Hedrick and Mr. A. Curry officiated at the services at Trinity church last Sunday. Agreeable to the Governor's proclamation, the decorations were of white roses only.

Two good showers fell on Sunday. They were much appreciated by our farmers.

The "Santa Fe" took quite a crowd over to the canal on Friday to enjoy a fish fry and to pick blackberries, which are very plentiful on the canal banks.

M. J. Beckham and family of Windsor were visitors at N. C. Wilson's last week.

The Melrose station of the East Florida Telephone Company at A. A. McRae's is now in fine working order and is doing quite a business.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

MISS TEBEAU'S SCHOOL.

Endorsed at the Annual Council of the Episcopal Church.

At the annual council of the Episcopal Church held last week in St. Augustine, Miss Tebeau's school of this city was endorsed and adopted as the official diocesan school for girls.

A board of visitors was elected, consisting of the Bishop as chairman, two clergymen, and two laymen, so the connection between the church and the school will be even closer than in the past. The clerical members of the board are Rev. William Wyllie of Palatka and Rev. F. H. Craighill. The laymen are Col. W. W. Hampton and Mr. F. M. Williams.

This change will doubtless considerably increase the enrollment of the school, particularly in the boarding department, and will add to the reputation of Gainesville as a city of schools.

The Legislative committee which recently inspected the University, visited also Miss Tebeau's school, and expressed themselves as highly pleased with the high character of the work done and with the great beauty of the grounds.

Funeral of James Pardue.

The funeral of Mr. James Pardue, the sad death of whom occurred at Bay Biscayne, on the East Coast, on Thursday of the past week, the remains having been shipped here, was held from the home of N. Wells, son-in-law of the deceased, North Gainesville, Sunday afternoon at 2:30, Rev. S. B. Rogers of the First Baptist church conducting the sad but impressive ceremonies. The funeral was largely attended, many friends of the deceased gathering to pay their last sad respects to one whom they had learned to love and admire. Quite a number followed the remains to their final resting-place in Evergreen cemetery.

The floral decorations were numerous, being sent as silent tokens of esteem from various friends.

The funeral arrangements were in charge of Dr. T. F. Thomas, and the deceased, being a member of Stonewall Camp, U. C. V., the pall-bearers were selected from the ranks of Confederate veterans.

Relatives of the deceased have the sincere sympathy of the community.

"UNCLE LIL'S" PHILOSOPHY.

Man's Life on This Earth is Full of
Trouble and Temptations.

Man's life is full of trouble and temptations. He comes into this world without his consent and goes out of it against his will. His journey through life is rocky and beset with strange and contradictory experiences. When he is little the big girls kiss him and when he is big little girls kiss him. When he is a child he wants candy but can't get it, and when he is a man he can get candy but don't want it. When he is a boy he wishes he was a man, and when he is a man he wishes he was a boy again. If he raises a large family he is a chump; if he raises a check he is a thief; if he is poor he is a bad manager, and if he is rich he is dishonest. If he is in politics it is for graft, and if out of politics you can't place him and he is no good to his country.

If he gives to charity it is for show, and if he does not he is a stingy cuss. If he dies young there was a great future for him, and if he lives to an old age he has missed his calling. If he is in active in religion he is a hypocrite, but if he takes no interest in religious matters he is a hardened sinner.

If he shows affection he is a soft specimen; if he has none he is a cold-blooded proposition. In order to be entirely healthy he must eat nothing, drink nothing, smoke nothing, and see that the air is properly sterilized before breathing.

The road is rocky, but we all like to travel and there is a good deal of satisfaction if a man owns a Ford.

MRS. PITTS ENTERTAINS.

Reception Tendered Twentieth Century Club on Thursday, May 13.

The Twentieth Century Club were delightfully entertained by Mrs. T. W. Pitts on Thursday evening, May 13th, from eight to ten. Much thought and judgment was shown by the decorations—ferns, plants and roses.

Mrs. Pitts received the guests, assisted by Mesdames W. L. Hill, A. L. Foster, J. L. Kelley, Margaret Gross, J. W. Tench and W. J. Denby. Mrs. Edwin M. Clarke was at the tea table.

Mrs. Tharin, Misses Belle Sadler, Leonora Vidal, Mabel Voyle and Curtis Pitts assisted in the different rooms.

Mrs. J. D. Stringfellow and Mrs. L. C. Gracy presided at the table serving salad courses, gelatine and wafers, Mrs. George W. Brumley being at the punch bowl.

The guests were pleasantly entertained by a very interesting program. Miss Sadler and Miss Webster, in their usual charming manner, recited, while Miss Julia Pitt was greatly appreciated.

The music by Miss Vidal was thoroughly enjoyed, as was also the song, "Annie Laurie," by Mrs. Pitts, accompanied by Mr. Clarke's violin.

All left for their homes feeling greatly indebted to Mrs. Pitts for a most delightful evening's pleasure.

Dr. Hodges to Tallahassee.

Dr. J. Harrison Hodges, a member of the State Board of Medical Examiners, expects to leave today for Tallahassee, where the board will conduct the spring examinations for applicants for license to practice medicine in Florida. Two examinations are held annually—one in the spring, the other in the fall.

The people of Florida have little idea of the rapidly increasing membership of the medical profession in Florida. Dr. Hodges states that from fifty to sixty applicants come before the board for permission to practice at each meeting.

S.S.S. PURIFIES BAD BLOOD

Bad blood is responsible for most of our ailments, and when from any cause it becomes infected with impurities, humors or poisons, trouble in some form is sure to follow. Muddy, sallow complexions, eruptions, pimples, etc., show that the blood is infected with unhealthy humors which have changed it from a pure, fresh stream to a sour, acrid fluid, which forces out its impurities through the pores and glands of the skin. A very common evidence of bad blood is sores and ulcers, which break out on the flesh, often from a very insignificant bruise, or even scratch or abrasion. If the blood was healthy the place would heal at once; but being infected with impurities which are discharged into the wound, irritation and inflammation are set up, the fibres and tissues are broken, and the sore continues until the blood is purified of the cause. S. S. S. is Nature's blood-purifier and tonic, made entirely from roots, herbs and barks. It goes down into the circulation and removes every particle of impurity, humor or poison, restores lost vitality, and steadily tones up the entire system. S. S. S. neutralizes any excess of acid in the blood, making it pure, fresh and healthy, and permanently cures Eczema, Acne, Tetter, Salt Rheum, Boils, and all other skin eruption or disease. Book on the blood and any medical advice free.

IN MAYOR'S COURT.

Case of Emanuel Johnson, for Selling
Liquor, Was Continued.

There was a brief but interesting session of Mayor Davis' court Monday morning.

Emanuel Johnson, the colored man who was arrested by Marshal Arnou Saturday night in the alleged act of selling liquor in violation of the law, the officer finding in the body of a wagon belonging to Johnson several pints of the fiery water, was brought into court, but upon request of the defendant, who explained that he desired to confer with an attorney, the case was continued until Friday, and Johnson was released on bond.

TWENTIETH CENTURY CLUB.

Unusually Interesting Meeting at
Home of Mrs. W. L. Hill.

An unusually interesting and profitable meeting of the Twentieth Century Club was held at the residence of Mrs. W. L. Hill on the 10th inst.

After the usual business of the hour had been transacted, in which several important subjects were discussed and disposed of, the literary program was taken up preceded by responses to the roll call as usual. The quotations were from the writings of Thomas Nelson Page, as the subject for the afternoon study was "The South in American Literature."

As Mrs. L. C. Smith, the expected leader, was unavoidably absent on account of the illness of her mother, Mrs. Gracy kindly presided.

First on the program was a piano solo by Miss Vidal. It is unnecessary to say that she charmed her audience by her beautiful selections.

Second, an interesting reading by Mrs. L. C. Lynch, followed by Mrs. W. M. Dale on "The South's Intellectual Expression" by Prof. Edwin Mims.

Third, recitation by Miss Belle Sadler, "Bre'r Rabbit," by "Uncle Remus." Miss Sadler always lends a charm to any entertainment that she honors with her presence and her fine rendition of both prose and poetry. The ladies of the club take this opportunity to express their appreciation of her many favors during the year just closing.

Fourth, Piano solo by Mrs. W. F. Yocum.

Fifth, Reading by Mrs. W. J. Denby. "Josiah Allen and His Wife, Samantha" always have the entire sympathy of their admirers, especially when represented by so talented a reader as Mrs. Denby, whose skill as an impersonator of character is acknowledged. No two characters in the world of fiction have done more towards brightening up the pathway of weary mortals than have these.

A little more music, and cheery conversation prepared the way for most delightful refreshments served by the hostesses, Mrs. Hill and Mrs. W. S. Dorsey.

The next and last meeting of the club will be on the 24th inst., a notice of which will appear in the city papers.

FINE EXERCISES AT METHODIST CHURCH

INTERESTING PROGRAM RENDER-
ED BY CHURCH SOCIETIES.

Large Congregation Greeted Senior Ep-
worth Leaguers and Other So-
cieties on Sunday Evening.

The exercises at the First Methodist church Sunday evening proved of an unusually interesting nature, being conducted under the auspices of the Senior Epworth League, assisted by other societies of the church, and one of the most impressive programs of the season was well rendered by those who participated.

As early as half-past 7 o'clock the commodious edifice was comfortably filled, and before the hour of opening of the service seats were at a premium.

The Program.

R. E. Huffman acted as master of ceremonies in a very creditable manner. Being possessed of a strong, clear voice, he was easily understood as announcements were made of the various numbers on the program.

The exercises opened with a musical prelude by Miss Myrtle Fennell, the church organist, which was followed by the following program:

Hymn—"All Hail the Power of Jesus' Name."

Prayer—Rev. F. R. Bridges.

Bass solo, "Lord, I'm Coming Home,"—Dr. George S. Waldo.

"The Young People of Our Church"

FIG-STY OR COTTON FIELD.

The old Mosaic Laws forbade the use of pork in any form, and modern science has confirmed the wisdom of the patriarch in making this law. The flesh of the hog is indigestible; so is the fat. Food prepared with lard is unwholesome. To meet the demand for a cooking fat that is pure and easily digested, The N. K. Fairbank Company, Chicago, have put on the market a shortening called COTTOLENE, made from refined vegetable oil. This cooking fat can be used in any and every way that lard now is, and can even be used in place of butter in making fine pastry. Contrast the source of lard—the filthy pig-sty, with the source of COTTOLENE—the pure, white cotton boll, and one can readily understand the great demand for this pure, vegetable shortening in preference to the fat of the hog.

The Value of Good Digestion

Is easy to figure if you know what your stomach is worth. Kodol keeps the stomach at par value, by insuring good digestion. Kodol cures Dyspepsia.

Kodol insures good digestion by absolutely duplicating Nature's normal process, in perfectly digesting all food taken into the stomach.

While Kodol is doing this, the stomach is resting—and becoming strong and healthy. A strong and healthy stomach guarantees a sound and active brain.

The man with a sound stomach—a stomach that is doing for the body just what Nature intended it to do—is the man who is always prepared for any emergency. He is "there with the goods."

The man with a sick stomach, is a man sick all over. When the stomach is irritated by undigested food, the blood and heart are directly affected. Then dullness, unnatural sleepiness, sick-headaches, vertigo and fainting spells, and even serious brain trouble develop. Kodol will prevent these.

Spurring the stomach and brain

to special effort by "tonics" and "stimulants" doesn't cure anything, or accomplish any good. Neither does dieting. Indigestion and the serious ailments which it induces can be averted and corrected only by natural means.

Kodol supplies this natural means. It performs the stomach's work for it—just as the stomach should perform it—while the stomach takes a little rest, "for the stomach's sake."

Our Guarantee

Go to your druggist today and get a dollar bottle. Then after you have used the entire contents of the bottle if you can honestly say, that it has not done you any good, return the bottle to the druggist and he will refund your money without question or delay. We will then pay the druggist for the bottle. Don't hesitate, all druggists know that our guarantee is good. This offer applies to the large bottle only and to but one in a family. The large bottle contains 2 1/4 times as much as the fifty cent bottle.

Kodol is prepared at the laboratories of E. C. DeWitt & Co., Chicago.

BEAVERS' HOMES.

How the Ingenious Little Builders Can
Construct Their Houses.

When the beaver dams are completed, the animals separate into small companies to build cabins or houses for themselves. These are constructed upon piles along the borders of the pond. They are of an oval shape, resembling a beehive, and they vary from five feet to ten feet in diameter, according to the number of families they are to accommodate.

These dwellings are never less than two stories high, generally three, and sometimes they contain four apartments. The walls of these are from two feet to three feet thick, formed of the same materials as the dams. On the inside they are made smooth, but left rough without, being rendered impenetrable to rain.

The lower story is about two feet high, the second is formed by a floor of sticks covered with mud, and the upper part terminates with an arched roof. Through each floor there is a passage, and the uppermost floor is always above the level of the water. Each of these huts has two doors, one on the land side to admit of their going out and seeking provisions that way, another under the water and below where it freezes to preserve their communication with the pond.—English Magazine.

Is the final condition of any child that has worms—if it lives. Think of having something in your stomach that eats all you take as nourishment. Nine-tenths of the babies have worms—maybe yours has. Be certain that it has not by giving it White's Cream Vermifuge—it expels all worms and is a tonic for the baby. Price 25 cents. Sold by W. M. Johnson.

Some Prophecies Fulfilled.

Long before his name was known outside his native country Oliver Cromwell was making one of his rambling speeches in the house of commons. Lord Digby asked Hampton who he was, and Hampton replied, "If ever we should come to a breach with the king, that slob will be the greatest man in England." Never was any prophecy more completely fulfilled than this.

Almost equally remarkable in its way was Disraeli's prophecy, "But a time will come when you will hear me," made when nothing appeared more unlikely than the brilliant series of triumphs which fulfilled it.

Another instance of a quickly fulfilled prophecy was furnished by Pope Pius VII. when he was told of Napoleon's escape from Elba. "Don't worry about it," he said; "it is a storm that will be over in three months." The story of the hundred days proved his holiness to be right to a few hours.

Odessa's Working Days.

The legal laboring day at Odessa, Russia, is twelve hours, with two hours for rest. Workers less than seventeen years old must go to school for three hours daily. Christians are not required to work Sundays or feast days nor Jews and Mohammedans on their holidays. Those who have to work on Sundays have the next day for rest.

Strong Healthy Women

If a woman is strong and healthy in a womanly way, motherhood means to her but little suffering. The trouble lies in the fact that the many women suffer from weakness and disease of the distinctly feminine organism and are required for motherhood. This can be remedied.

Dr. Pierce's Favorite Prescription

Cures the weaknesses and disorders of women. It acts directly on the delicate and important organs concerned in motherhood, making the healthy, strong, vigorous, virile and elastic.

"Favorite Prescription" hatches the indisposition of the period of expectancy and makes baby's advent easy and almost painless. It quickens and vitalizes the feminine organs, and insures a healthy and robust baby. Thousands of women have testified to its marvelous merits.

It Makes Weak Women Strong. It Makes Sick Women Well. Honest druggists do not offer substitutes, and urge them upon you as "just as good." Accept no secret nostrum in place of this non-secret remedy. It contains not a drop of alcohol and not a grain of habit-forming or injurious drugs. Is a pure glyceric extract of healing, native American roots.

ABOUT ADVERTISING—NO. 4

The Hen and the Doorknob

By Herbert Kaufman

Once upon a time there was a fool hen who sat on a china doorknob for three weeks expecting to get a family. The only thing she did get was experience.

The advertising field is full of "china doorknob propositions"—examples of merchants who expect good newspapers to hatch money out of bad egg business, or who put sound nest eggs under the wrong "advertising hen."

There are three principles to follow in an advertising campaign: First of all, find a business that will stand advertising; secondly, find the newspaper that will make the advertising pay; thirdly, give the newspaper time to pay.

You can't start in to breed dollars in less time than it takes to hatch them any more than you can pull a hen off the nest before she has had a chance to incubate. In both cases you simply waste what has been invested. If you stop too soon you will get a rotten egg instead of a chicken.

Advertise something out of which you may reasonably expect returns, and when you have found what to advertise, take care that you place your copy in a newspaper that can turn the trick. Don't delude yourself with a china doorknob, and don't confuse a "rooster newspaper," which spends its time cock-a-loruming, for a "hen newspaper" that is too busy hatching out dollars to strut about.
